

AGM Resolutions for member's immediate action

1. Minimum number of shares for different categories of executives and ordinary members.
 - a. Chairman and Vice chairman – 300 shares
 - b. Other committee members including SUPCO and Vetting – 250 shares
 - c. Ordinary Members – 200 shares.

Top up of the shares shall be done within a period of one year with effect from 9th May 2026.

2. To boost the sacco savings, each member shall save at least shs100,000 per month. A bank standing order will be the best savings vehicle.
3. Sacco members aged 75 years and above are shunned by insurance companies from participating in terminal benefits schemes. To overcome this unfortunate impediment, a new savings product was approved whereby a member subscribing to this scheme will be required to save at least 5 million above normal savings. At the passing on of that member, his/her nominated beneficiary will receive a top up payout of 50% of the amount so saved. That saving plus the top-up will be disbursed at once without the need for letters of administration. Members below 75 years are also encouraged to subscribe to this scheme.
4. Jubilee's Blue Wave Medical Insurance scheme was accepted for our members who do not benefit from Bank of Uganda Medical Scheme. Children of members can also subscribe to this insurance at a small administrative fee to the sacco. For a premium shs1,000,000 per year, a subscriber can get a medical cover of up to shs50 million for inpatients, Shs2 million for outpatients. It also includes cover for opticals, dental, maternity, cash education, hospital cash back and total permanent disability.
5. At the discretion of the board, patronage bonuses and Incentive bonuses will be paid out during the course of the year. These are different from dividend payouts.
6. Loan amount eligibility formula will now be 4 X Value of shares held + 3X Savings.
7. Interest rate on borrowing has been reduced to 20 percent per annum from 24 percent and fees have been reduced from 2 percent to 1.5 percent.
8. Share transfers between members at a fee is now allowed. This is meant to increase amounts a member can borrow.
9. Quick online loans shall be a maximum of shs 500,000 except for members who have savings above shs5,000,000. Such members can borrow up to 10% of saved amounts at a reduced interest rate of 3% per month.
10. Members may cease to be members of the sacco if they miss two consecutive AGM meetings and do not save or borrow from the sacco within that period.
